RELIGION

17. Offenders are allowed to practice their religion within the limits necessary to maintain institutional order and security and afforded an opportunity to participate in religious services. Offenders shall not be required to participate in religious services or discussions. Each week when religious services are offered, offenders are allowed to attend one available religious service of their choice.

GRIEVANCE/COMPLANTS

18. The Meade County Detention Center staff has a good reputation for being willing to iron out most problems facing offenders in their daily attempts to adjust to incarceration. Most of the problems can be worked out without filing a formal grievance. Before you file a grievance, you should attempt to resolve the problem informally with a staff member. If that fails, inmates are allowed to submit grievances if he/she believes that they have been subjected to abuse, harassment, and abridgment of civil rights or denied privileges as specified in the posted rules. A grievance shall be made in the form of a typed statement under the grievance tab on the cell kiosk, by the offender within forty-eight (48) hours of the event or condition rising to the grievance. The grievance must include the time, date, and names of those detention center officers and or staff members involved, as well as pertinent details of the incident including the names of any witnesses. Each offender is responsible to fill out an individual grievance. Upon receipt of a grievance, the grievance officer appointed by the Jailer shall review the grievance and determine its validity. The grievance officer shall be responsible for the initial response to prisoner who has filed a grievance. Any offender who submits a grievance to the jailer or his designee will receive a response within 10 working days following the investigation of the grievance. In any case where the Jailer or his designee does not respond to a filed grievance within ten (10) days, the grievance is deemed denied. In cases where the prisoner is not satisfied with the initial response to the grievance, the prisoner may appeal his grievance to the Jailer or the Jailer's designee. The appeal must occur within forty-eight (48) hours of the receipt by the prisoner of the initial response. The Jailer or his designee will respond to the appeal within ten (10) days. In any case where there is no response to the appeal within ten (10) days, the appeal is deemed denied. Filing factually frivolous grievances may result in disciplinary action. Offenders shall follow the chain of command for all requests, questions, grievances, etc. The majority of all issues can be resolved by floor deputies/shift supervisors.

CONDUCT

19. While housed at the Meade County Detention Center you will be expected to conduct yourself in an appropriate manner. Conduct which may result in disciplinary action falls into two categories.

Offenses are acts which are criminal under the laws of the Commonwealth of Kentucky or the United States and may be referred to the County Attorney for prosecution. MEADE COUNTY DETENTION CENTER STATE INMATE GENERAL INFORMATION

26. You are currently being housed in the Meade County Detention Center at 516 Hillcrest Dr. Brandenburg, KY 40108. This handout is for informational purpose and out lines policies and procedures concerning state inmates housed in county jails. Although not all inclusive, the majority of the most commonly asked questions should be answered below

- (1) **ASSIGNMENTS-** State inmates are assigned to the county jail under the authority of KRS 532.100 which states, if a class D felon is sentenced to a term of imprisonment of 5 years or less, he shall serve that term in a county jail. This statute also states, a class C or D felon with a sentence of more than 5 years who is classified by the Department of Corrections as community custody shall serve that term in a county jail if state facilities are at capacity. Inmates are placed in jail with available empty beds. Once an inmate is

assigned to a jail, he generally remains in that jail for the remainder of his sentence. The Department of Corrections cannot assure any inmate that he will be assigned to a jail of his choice or a jail which is close to his home. The Department of Corrections does not transfer inmates between jails for personal reasons. Any trading of inmates must have prior approval from the Jailer or Class D coordinator. It's the inmate's responsibility to make contact with the jail that they want to transfer to and have the jail call the Meade County Detention Center to make arrangements.

- (2) **HOUSING-** There is no statutory or regulatory requirement that state inmates be housed separately from county or federal inmates. While some counties choose to house state inmates in specific areas of the jail, this is not a requirement. The jailer may move you to any area of the jail at his discretion. The jailer may also house with community custody or minimum custody in the secured side of the jail.
- (3) **JOBS/EMPLOYMENT-** All inmates will be expected to keep their bed areas and personal possessions clean and orderly as directed by jail staff. Cleaning one's personal living area and sleeping area is not considered as a job assignment and doesn't earn payment or any form of time credit. State inmates in controlled intake status (the time between sentencing and classification) are not assigned jobs. Class C or D inmates may be assigned a job at the jailer's discretion. Level 1 and Level 2 inmates may be worked inside and outside the jail. Level 2A inmate inmates may be worked outside under the direct supervision of the jail staff. Level 3, 4, and 5 inmates may only be worked inside the secured portion of the jail. KRS 441 was implemented to permit the state to house inmates in empty jail beds permitting a reduction in the in the number of expensive prison beds the state requires to build and thereby saving the tax payers money. KRS 441 was not implemented to provide inmates opportunity to work. There is no statutory or regulatory requirement that the jail provide jobs for each inmate. The jailer is free to choose which inmates are assigned work and what type of work they are assigned. Class C & D inmates assigned a job by jail staff will be paid for their work. These inmates who qualify will receive 1 day of sentence credit for every 40 hours worked. The Department will not authorize more than 4 days of sentence credit per month. Inmates who work on outside detail shall not bring anything into the jail from a work site without jail approval. Also do not take anything outside the jail without staff approval.
- (4) **RECREATION-** The jail shall provide the prisoner the opportunity to participate in at least 1 hour of physical exercises per day (this may be inside the cell or dayroom area). One hour of outdoor exercise shall be permitted twice a week, behavior and weather permitting. The outdoor exercise area may be a secure bullpen or fenced in area.
- (5) **PERSONAL HYGIENE-** Prisoners shall be issued or permitted to obtain the following hygiene items to include soap, toothbrush, toothpaste, toilet paper, and a means to shave. An indigent prisoner shall be furnished these items by the jail. However, if a prisoner later receives money, the cost of the hygiene kit must be reimbursed. Any other cosmetic items must be purchased through the canteen at your expense.
- (6) **FOOD-** The jail menu shall be approved by a dietician or nutritionist on an annual basis. Inmates shall receive 3 meals a day consisting of a total of not less than 2,400 calories. At least one of the three meals shall be hot. No more than 14 hours elapse between 2 meals. Jails are not required to serve any specific food (such as milk, coffee, or fruit juice) as long as the calories requirement is met and the menu meets the dietary requirements. Food served by the kitchen staff shall be eaten or disposed of within 2

hours of being served.

- (7) **VISITS**- The jail shall offer at least 2 visiting days each week. 1 of which shall be during the weekend. At least 1 per week per prisoner shall be allowed except if a prisoner has been assessed a disciplinary penalty for an infraction governing visitation. A visit shall not be less than 15 minutes. Jails are not required to give extended visits or offer contacts visits.
- (8) **PERSONAL POSSESSIONS**- Kentucky jail standards empower the jailer to decide what items shall be permitted in the jail. There are no specific standards on what items must be permitted.
- (9) **GOOD TIME**- State inmates housed in jails receive the same 7 days per month standard meritorious good time credit as do other state inmates. It is unnecessary to apply for meritorious good time as it is awarded automatically. Another type of good time, which may be earned, is educational good time. Educational good time is available to inmates who did not have a high school diploma or GED upon entry and who passed a GED test while incarceration. Administrative release is not determined by the jail and is granted solely by the Department of Corrections.
- (10) **CLASSIFICATION**- Inmates may be classified initially at the Assessment Center or by a case review conducted by the Assessment Center staff. The jail submits the sentenced paperwork and the classification branch determines your initial classification level. Inmates in jails who break the rules, escapes, are caught with drugs, etc. are subject to the jail disciplinary system and will have their classification level reviewed to determine if their level should be. Jails are not required to provide caseworkers. It's the responsibility of the individual inmate to make their own inquiries and write their own letter concerning questions concerning issues such as classification, level, etc.
- (11) **TIME SHEETS**- If available, each state inmate will receive a free resident record card once a month. Time sheets will be handed out around the 20th of the month each month. Remember time sheets are calculated by the Department of Corrections, not the jail. Any discrepancies or Questions should be directed to DOC for review.
- (12) **CLOTHING**- Each individual jailer is empowered to determine what type of clothing may be worn and possessed in the jail. Uniforms may be required or personal clothing permitted at the Jailers discretion.
- (13) **JAIL GRIEVANCE SYSTEM**- Kentucky Administrative Standards require that any jail housing state inmates must have a grievance system. Each jail is free to develop a system, which meets its individual needs. The Department of Corrections is not part of any jail grievance system. Jail grievances may not be appealed to the Department of Corrections. These are available at each cell kiosk.
- (14) **CANTEEN**- KRS 441.135 states the jailer may maintain a canteen for the benefit of the prisoners lodged in the jail. Profits from canteen shall be used for benefit or recreation of the prisoners. The statute does not limit the mark up on canteen items. Canteen delivery is at least once a week. Please check your order carefully, once accepted, there will be no adjustments. Do not ask for credit. Deposits can be made online or on the kiosk in the jail lobby cash or credit cards. The maximum that can be ordered at one time is 100.00 dollars, provided you have the funds in your canteen account. Money cannot be transferred from one inmates account to another inmates account. Money will not be refunded to any inmate that owes jail or medical fees.

- (15) **PAROLE**- The parole board does not conduct face to face reviews of Class D inmates housed in county jails. Rather the jail staff submits information requested by the board, the board reviews the case and the inmate is notified by mail of the result.
- (16) **FURLOUGHS**- To qualify for a furlough you must have been in your current jail at least 60 days and have had a level 1 or 2 custody at least for 60 days. No inmate serving for a sexual offense, no inmate with more than 18 months to parole eligibility or serve out shall qualify. No inmate serving for a crime in which a life was taken shall qualify until after meeting the board and no inmate with a felony detainer or the subject of an EPO or DVO shall be granted a furlough. The Department of Corrections is responsible for granting furloughs.
- (17) **TOBACCO POLICY**- Meade County Detention Center is a tobacco free facility and the use or possession of tobacco products by inmates is prohibited.
- (18) **WORK PROGRAM/CREDIT**- Work credit earned is reported by the jail in 40 hour blocks. Currently state inmates who qualify receive 1 day of sentence credit for each 40 hours worked. If you are terminated, fired or quit your job you are subject to be removed from the work program and moved to county side of the facility. Depending upon the circumstances, this move may be temporary or permanent. If you are permanently moved to the county side of the facility you will have (15) days for someone to pick up your excess property after (15) days it will be discarded.
- (19) **STATE OFFENDER PAY**- Jails generally send a monthly payroll bill to the Department 5 to 10 days after the end of the month. The Department of Corrections will audit and pay the bill within the month. A check is then sent to the jail. The jail staff will then deposit the money to the individual inmate accounts. This means that state pay usually arrives **at least** 6 weeks after the period in which it was earned.
- (20) **FUNERAL TRIPS**- State policy regarding funeral trip has recently been changed. The Department of Corrections does not permit funeral trips. A furlough request form may be filled out however there is no guarantee that the Department of Corrections will grant the request.
- (21) **SENTENCE CALCULATIONS**- Questions regarding sentencing calculations, out dates, jail credit, time sheets, etc. should be directed to Department of Corrections Offender Information Services Branch Room G-19, P.O. BOX 2400, Frankfort, KY 40602.
